BenQ V6000 projector – Placement. With a projection ratio of 0.25, this BenQ V6000 projector is really very close to the wall. A 100 inch image requires the projector to be barely 22 cm from the wall, for the smallest possible image, 70 inches, it is as little as 7 cm. In the latter case, it may be a bit more difficult to connect the HDMI cables.
